**Statement of Activities**

On January 19-21, 2016, Staff conducted a Record Audit at Ameren Illinois, in the Hillsboro/Mt Clare Service area, to determine compliance with applicable IL Adm. Codes and the Code of Federal Regulations adopted via IL Adm. Part 590. The audit included a review of company documents regarding the specific code sections as identified on the attached inspection form.

The records that were inspected were paper records and GCS records for the year 2014. The records that were inspected were for the months up to November, 2014. The records following that date are now being kept on a new computer system called MAXIMO. Some of the records inspected include pressure regulation, leak survey maps, buried pipeline examination, cathodic protection records, valve inspection records, patrolling records, and odorization records.
